Branch Chiefs

Assistant Director, OCD

General's Tuesday Conference

1. The following items of interest were discussed at the Tuesday Conference, in addition to those previously discussed in our Monday conference:

a. The Strategic Intelligence School of G-2 has invited CIG to have a representative attend the school in a guest status during the next class - 28 April to August. If you have any special representative you desire to have attend see Capt. Olsen. It would take full time.

b. ICAPS will start its tour of education and inspection in OCD at 1100 today, Tuesday. [redacted] and the new Lt. Col. in ICAPS will start in the Headquarters office.

c. Rear Admiral Billenbacher will report for duty about 7 April. General Vandenburg will stay on duty until about 1 May in order to complete the present legislative program of CIG.

d. An instance has occurred wherein an unknown CIG representative has indicated to a civil source that CIG would be glad to purchase his information on a South American area. I trust all our personnel understand that we make no such misrepresentations in OCD.

25X1A

e. [redacted] is following up the question of credentials.
